RE: Tarpon Cell Tower Application off of Wurtsboro Mountain Road

Dear Town of Thompson Planning Board Members,

I am writing to express my extreme dismay at the severe impact that the proposed cell tower will have on the community at Wanaksink Lake.

We have lived in the Town of Thompson for our whole lives, and at Wanaksink Lake for over 20 years. Our families go back generations here. It is a family oriented lake with many generations of children growing up here. The natural beauty of the lake is one of the reasons that so many families have stayed here for so long.

The trees, wildlife, beautiful clean water, and quiet lifestyle have been a sacred part of our lives here. A cell tower so close to these waters is inconceivable.

We understand the need for a cell tower in Rock Hill. Please find another location so that this community would not be so negatively impacted.

Thank you for your consideration in this matter.

Sincerely,

Judy Lounsbury

RE: Tarpon Cell Tower Application off Shartsboro Mtn Rd.
Dear Planning Board Members,

as someone who treasures my views at Hanakeink Lake, I'd like to let you know that I am concerned about the visual impact that the proposed cell tower site will have not only on me, but on my family and friends all around the lake.

My family and I have been coming to Hanakeink Lake for over 50 years and have enjoyed the serenity of the lake and the unspoiled views it offers. The sunsets are especially beautiful with these unobstructed views while sitting on our dock, in a boat, or just floating on a tube in the water. It would be heartbreaking to have a cell tower in that view.

In addition, Sullivan County is geared to have an influx of visitors seeking our new and upcoming attractions, and we need to show these visitors our natural beauty, as well as man made attractions. A cell tower should not be the dominant feature that takes away from our natural beauty! Our natural beauty and resources are also an attraction, so let's not ruin it!

Please take this into consideration in your evaluation of the visual impacts of the proposed cell tower.

Sincerely,

Wendy (Cook) DeSol
& Mom M. Jeanne Cook (age 90)

RE: Tarpon Cell Tower Application off of Wurtsboro Mountain Road

Dear Planning Board Members,

As someone who treasures my views at Wanaksink Lake, I'd like to let you know that I am very concerned about the visual impact that the proposed cell tower site will have not only on me, but on my family and friends.

My home is at 91 Wurtsboro Mountain Road, and I've been enjoying the serenity of the lake and the views from my home and from the water there for 20 years.

Some of my chief joys are boating around the lake all day, taking a sunset cruise, and just sitting on the dock with friends in the evening to enjoy the view. How will I be able to do that if there is a hideous cell tower looming over everything? Also, since it will be lit at night, good-bye to our silent nights, too.

Please take this into consideration in you evaluation of the visual impacts of the proposed cell tower.

Sincerely,

Linda DeSabato
